HELP WITH THE SOUND SYSTEM AT OUR MEETINGS

At the monthly meetings Cheshunt u3a operate their own sound system for improved sound quality.

This requires someone to monitor the mixer box during meetings. In the past, this has been undertaken by Stewart Walter and Andy Smith who have both now taken on new roles, which means they are no longer able to look after the sound system during meetings.

This notice is a call to the membership for someone (or even 2 or 3 people) to step forward and take on this role at future meetings. It really is not onerous, the system is tried and tested, easy to assemble and it really is just a case of monitoring the output during the meeting, occasionally twiddling a couple of knobs!

If this is something you think you can help with then please contact **Stewart Walter on 07881 703928**. We will not throw you in at the deep end and will be there to assist over the first few meetings.

 **EXPLORING LONDON 1** Sheila Barton 01992 636783
Pat Smith 01992 623448

Our April visit was to the Wallace Collection, where we had a guided tour of the museum. The house and collection were originally owned by the 4th Marquis of Hertford who then left it to Richard Wallace who is thought to be the illegitimate son of the Marquis. When Richard Wallace died, he left it to his wife. When she died, she bequeathed the house and collection to the British nation. The

museum houses exceptional paintings, sculptures, ceramics and furniture.

Saturday 30th August – East Sussex day out by train including Eastbourne.

In April, like other Exploring London groups, we visited the Tutankhamun Immersive Exhibition at Excel Waterfront. Several members decided to opt out of the virtual reality sections after having been to the Great Pyramid Khafu Experience earlier this year.

This exhibition had a lot more on offer however, including captivating background stories about Egyptian civilization alongside carefully curated replicas and artefacts. The experience continues into a huge immersive video mapping room which recounts the rich history of Egypt, its natural landscapes, cultural heritage, the life of Tutankhamun, his tomb, and its ground-breaking discovery.

Everyone enjoyed the 30-minute immersive movie which involved large 8-metre-high projections.

EXPLORING LONDON 5 John Durrant 07515 971162

We departed Cheshunt on Thursday 8th May heading for Excel London to experience Tutankhamun: The Immersive Exhibition (a cutting-edge, technology-driven historical experience)

'King Tut' (born 1341 BC) became pharaoh of ancient Egypt at the age of 8 or 9. He unexpectedly died aged about 18 and is known primarily for the discovery of his intact tomb in the Valley of the Kings in 1922 by a team led by the British Egyptologist Howard Carter and sponsored by the British aristocrat George Herbert. The tomb contained the king's mummified body and over 5000 artefacts.

The group enjoyed an extraordinary journey through ancient Egyptian history throughout 6 galleries which included original and replica artefacts, multimedia displays, a virtual reality experience and an AI photobooth where guests can transform into ancient Egyptian citizens (very funny).

After an extremely interesting visit we called in at a hostelry in Canary Wharf before continuing the journey home.

Future visits:

Tuesday 10th June - Wimbledon
